VCS Program Suppliers,

Please note that SEAWOLF coded notes (double letter notes beginning with "S") and SEAWOLF Appendices (example: SEA APPX-B) previously posted on the Newport News supplier website have been moved to the [Electric Boat Standard Clause](#) page effective September 11, 2012.

These notes are maintained for technical content and applicability by EB. System and configuration management methods therefore require that these notes be posted on the EB supplier website. Simply use the search function to locate the coded note you desire.

Should you have any questions please contact your Newport News Shipbuilding buyer.
