Cybersecurity Key Points

Unclassified systems owned or operated by, or for, a contractor and that processes, stores or transmits "Covered Defense Information" must (at a minimum) comply with National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171

Deadline to "implement" NIST SP 800-171 was 12/31/2017

Cyber incidents must be reported within 72 hours to:

DoD at <http://dibnet.dod.mil>
Prime Contractor (or your next higher tier contractor)

Areas of non-compliance must be reported to DoD CIO
252.204-
7012(b)(2)(ii)(A)

Required inclusion in all DoD contracts

Mandatory flow down to all Subcontractor Tiers

Technical Information
marked with a DoD
Distribution Statement

Export Controlled Information; or

Any other information that
requires safeguarding or
dissemination controls, and is
(a) marked or otherwise
identified in the contract and
provided by the Government,
or (b) developed, received,
transmitted, used, stored, etc.
by the Contractor in the
support of the contract

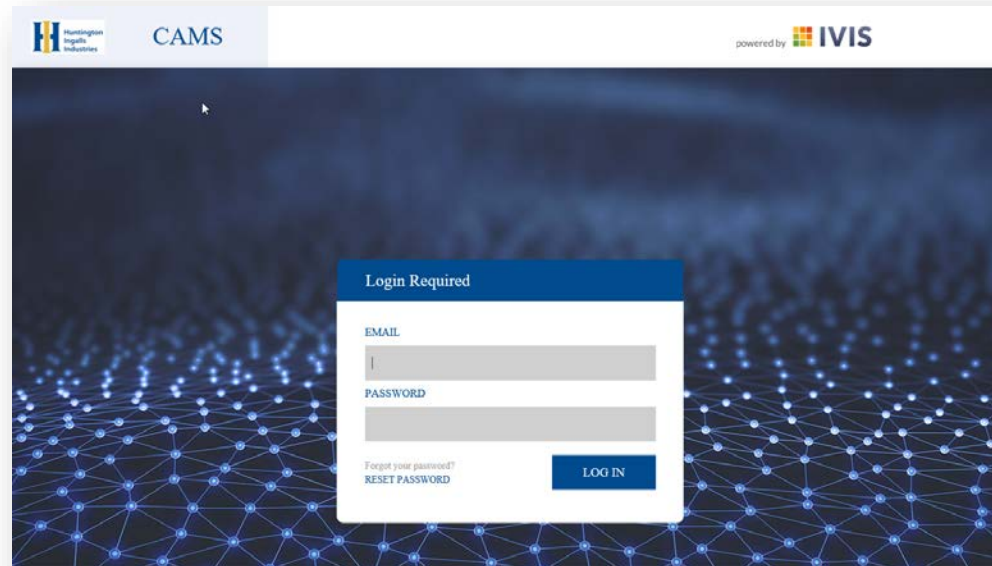

“Implementation” means:

- Having a
 - *System Security Plan (SSP)* and a
 - *Plan of Action and Milestones (POAM)*

that accurately reflect the status of a contractor’s compliance with NIST controls, even if the SSP & POAM extend beyond the December deadline.

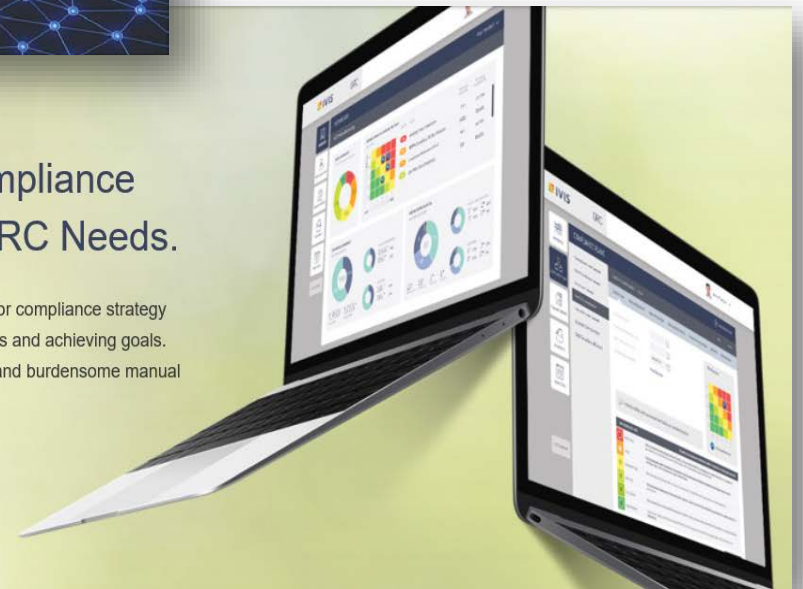

- NIST SP 800-171, Revision 1, dated December 2016, updated November 28, 2017

- Use HII Compliance Assessment Management System as an example
 - Compliance Plan
 - Risk Assessment
 - Risk Mitigation
 - Training
 - Controls
 - Evaluation
 - SSP

Ivis is the Lean Compliance Solution for Your GRC Needs.

Ivis provides your company with solutions for compliance strategy and planning as well as accomplishing tasks and achieving goals. Our GRC program replaces spreadsheets and burdensome manual processes with an easy-to-use system.

- Q and A
- Thank you for attending
 - This presentation can be found on the HII Supplier webpage at <http://supplier.huntingtoningalls.com/sourcing/Webinars.html>
 - Questions regarding the software used at HII for managing cybersecurity implementation or any compliance area can be directed to the following:
 - Britta Brown – Britta.brown-zambrana@hii-nns.com 757-688-2786
 - Todd Thompson – MT.Thompson@hii-ingalls.com 228-935-1703
