

Greetings,

We would like to announce a change to the NNS Transportation Management System (TMS). The TMS will be transferred from Lane Balance Systems to A3 Transportation Management on the effective date of **Monday, January 29, 2018**.

The new contact information is listed below.

Contact Information:

Email: nnstransportation@a3freightpayment.com

Website: www.a3tms.com

Phone: (901) 209-4932

A3 Transportation Management will be taking over all of Lane Balance's functions. All systems utilized by Lane Balance will now be operated through A3. Setting up shipments, barcoded packing lists, appointment scheduler and reports will all be ran through A3 instead of Lane Balance.

The transition between Lane Balance Systems and A3 Transportation Management will be made as seamless as possible. The Lane Balance website and contact information (www.lanebalancesmc.com/877-879-7447) will be transferred to the A3 Transportation Management website and contact information (www.a3tms.com/901-209-4932). If you have bookmarked Lane Balance's information please ensure to change it to A3's information to not cause confusion. If you access Lane Balance's website on or after **Monday, January 29, 2018** you will be directed to the NNS Traffic Website (<http://supplier.huntingtoningalls.com/sourcing/index.html>).

References in Purchase orders (newly issued), NNS Traffic Routing Guide, and the NNS Traffic Website will be updated with the changes. If you have any further questions please contact the NNS Traffic Office at NNSTrafficOffice@HII-NNS.com or (800) 426-1910.

Sincerely,

NNS Traffic Office
